

**Private Label**
We can manufacture Sodium Bentonite cat litter products with the required specifications and packaging sizes under your patented brand name. The packages can be both provided through our contractors or supplied by you.

After written confirmation of the product requirements a detailed business plan is prepared and with your approval we move to the production stage. Our production unit organizes all required machinery, material and labour resources to meet your demand on time in full. Required tests and analysis are done throughout the production process to ensure sustainable quality at every pack that your Brand Name is on.

## *Your Brands Our Pride*

**We extract our Sodium Bentonite minerals using open-pit mining methods from our licensed mines. The raw ores are then directly delivered to our processing plant.**

**Processing and Activation**
In our high-tech factory we crush, dry, grind, size and activate the Sodium Bentonite to enchance its performance. Our in house R&D department ensures the development of the best products for the required specifications and maintains quality through conducting tests and anaylsis relentlessly.

**Packing and Shipping**
Our products can be packed in different sizes. For finished cat litter products we have the capability to fill between 4-20 kg or L packs. We also have Big Bags available for both intermediate and finished products in 1.000 kg's. Our products can be delivered EXW or to the desired location.

Natural Cat Litter

Ultra Odor Elimination

Fast and Strong Clumping

Eco-Friendly Packaging

The Ultimate in Dust- Free

**Net Weight:** 8 kg varieties

**Packaging Type:** Kraft Packaging

**Feel Nature with Brown Sodium Bentonite Cat Litter!**

With its special formula and the power of active carbon in its content, it provides excellent odor control. It quickly absorbs liquid, forming strong clumps, thus ensuring maximum hygiene in your home. High-quality Brown Sodium Bentonite best reflects the natural living environments of cats. This way, our little friends feel comfortable and safe while attending to their toilet needs. This cat litter brings the essence of nature into your home with its recyclable packaging, special formulation, content, and fragrance.
"Ecolitt is a natural choice for our little friends and a sustainable option for the future!"
